Skills and abilities

Recording

- Familiar with the general mic-ing techniques and with a large array of microphones
- Experience with large mixing consoles, such as SSL 9000k, SSL AWS 900, Sony DMX, Audient ASP 8024
- Recorded numerous acoustic performances (guitar + vocals, cello, piano+vocals, etc.), 4-piece alternative rock band, 4-piece indie band, 3-piece dream-pop band. Recorded multi-track of Big Band live concert. Assisted with the recording of a 18-piece salsa band. Assisted with the recording of several bands in Taine studio. Co-engineered and produced 2 EPs: 'Monsters' consisting of 5 tracks (recorded instruments included drums, guitars, grand piano, string quartet, accordion, flutes) and 'Beyond the Glass Sky' (electronic)

Sound Design

- Recorded and edited sound for a short student film ('Upgraded')
- Sound designer for University of Surrey's Musical Theatre Society production of 'Oklahoma'.
- Created the music and sound design for an advert and for a short animation film as part of the Sound Design and Applied Music modules
- Created sample instruments using Logic's ESX24 and my own recorded samples.

Composition and songwriting

- My original song 'Aquarium' was chosen as the official soundtrack for '13 Shades of Romanian', an award-winning documentary; other five songs were featured. I also produced the track of another artist (Alyiah) that was also featured on the soundtrack.
- Composed and mixed in different styles such as film music, game music, advertising, ambient, glitch, electronic, club, pop, jazz, fusion.
- Wrote and arranged over 100 songs, including self-released EPs 'Monsters' and 'Beyond The Glass Sky'
- Had a song on main radio station in Romania, appeared on TV with band playing original songs.

Video editing

- Freelance filmed performance videos of acoustic performances for various artists.
- Filmed and edited using various software videos of studio performances for own Youtube channel, which reached over half a million views
- Filmed and edited student film 'Upgraded'
